 Greater Accra region, Accra +233

PERSONAL PROFILE

Software Developer with experience in coding, reviewing program functionality, establishing system improvements and testing for security precautions.

Equally adept at designing, developing, and testing software for desktop computers, cloud integrations, and mobile devices.

EXPERIENCE

INTERN, Spintex Road, Accra

Process and Plant Automation Limited, December 2023

- Conducted rigorous testing of electrical components to be used on site, ensuring reliability and reducing on-site failures.
- Provided timely work updates, enabling better project tracking.

INTERN, Adenta Accra, Ghana

VisionFund Ghana Micro Credit Limited, October 2023–November 2023

- Resolved network-related issues across multiple departments, reducing downtime and increasing operational efficiency.
- Provided technical assistance to staff, reducing IT-related service requests through proactive troubleshooting and issue resolution.

WEB DEVELOPER, Ashaley–Botwe, Accra

Benbells Mothercare, July 2022–July 2023

- Worked with a team of 5 developers to develop and deploy a secure and reliable web-based solution for the shop, enhancing online store functionality and increasing customer engagement.
- Enforced website standards for visual and design integrity.
- Utilized Paystack API for payment processing and WordPress API for inventory management, reducing manual workload.

EDUCATION
